

PROGRESSIVE EQUIPMENT® CUSCO **Throttle Controller**
for
Mitsubishi Colt Ralliart ver.R (Z27AG)
and
Suzuki Swift Sport (ZC31S)
has been released

- Control the electronic throttle with the Cusco original 4 mode program!
- It provides an improvement in acceleration response.
- Programs can be set from "improving acceleration on starting" to "Sport Mode" which gives twice the throttle power at the same throttle position.
- Quick installation with joint connectors
- Each kit is set with individual packages for each vehicle.
- The display unit is remotely situated from the main unit for ease of installation and clean looks.
- It automatically powers down when the engine is off.
